" Arizona Summer" is the fun but serious coming of age story in the backdrop of an 'out west' style summer camp. Featuring Arizona's pristine mountain and river scenery, the innocent ranch is the perfect accompaniment for the ruggedness of youth. Amid the youthful activities and rivalries, "Arizona Summer" delves into the deeper lessons of the emotional balance between growing up and parenting. With songs from pop music star Hoku and a score by contemporary Christian composer Edwin Willmington, "Arizona Summer" is a 'Tom Sawyer meets 'City Slickers' story from director Joey Travolta for the whole family to enjoy.
